Springers Thanks
& Covid Update

Booking Reminder
for Parents

From Us to You -
Seasons Greetings

I would like to thank EVERYONE -

from children to parents/carers & especially our staff for their continued support in following the governments guidelines in relation to maintaining a Covid-safe environment. To be honest, I was anxious as to how the children & parents would adapt to the 'KS1 & KS2 split' Bubbles, and am thrilled to report that we have had GREAT feedback. It was inevitable that we would encounter a few hiccups along the way, and we really appreciated your patience whilst these were being resolved. Fingers crossed its all smooth sailing from here onwards.

Covid has been a challenge for all of us and we will continue to remind you as parents/carers to please NOT send your child/ren to school or club if anyone in your immediate bubble has ANY Covid symptoms.

We appreciate that at this time of the year there are many colds and coughs going around, however if your child presents any symptoms we will call you to collect them as soon as possible.

A final request is to ask parents to ensure all their sessions are paid for either in advance or at each session. We have stretched our resources to a max in order to be able to continue our services and without income I am not sure how long we will be able to keep it going the way we have.

December welcomes the return of
Buddy & Bubbles - our Elves
from the North Pole!
They are 'Elf-Isolation' until
Monday 7th December, so be
sure to keep an eye & ear open
for their Cheeky antics!
